Profile

As an Environmental Science student, I am entering a field that aligns with both my passion and purpose: understanding our planet and safeguarding its resources. Although I am at the beginning of my academic journey, my dedication is unwavering. I am eager to learn, grow, and develop the skills needed to drive meaningful change.

I am actively pursuing opportunities. Whether internships, research, or hands on projects that push me to think critically, act responsibly, and contribute effectively to environmental solutions. Every experience, big or small, helps me deepen my knowledge of climate challenges, sustainability, and conservation.

Beyond building a career, my goal is to cultivate a proactive mindset, refine my abilities, and collaborate with like minded individuals who share a common vision: a greener, more sustainable future.. Where I can acquire new skills, broaden my knowledge, and use what I have learned.

Education

Bachelor of Science - BS, Environmental Health Sciences — **Mar 2025 - Present**
Health Services Academy Islamabad, Islamabad

College , Humanities — **Sep 2021 - Aug 2023**
Hizb Ur Rehman Islamic Science College, Kamalia

Computer Operator Diploma — **Jun 2020 - Dec 2020**
Govt Postgraduate College Okara, Okara

Employment

Aspire Leadership Program — **Jul 2025 - Sep 2025**
Aspire Institute

Alkhidmat Foundation Pakistan

Eco Volunteer — **Aug 2025 - Sep 2025**
CM Punjab Green Credit Program, Pakistan

Community Service Learning Program (CSLP 5.0) — **Aug 2025 - Sep 2025**
CSR Forum Pakistan, Pakistan
Community Service Learning Program (CSLP 5.0) Fellow CSR Forum Pakistan August 2025

Led the "Green Alliance Initiative" a dynamic environmental project under CSLP

driving tangible change through tree plantations, climate awareness, and community clean ups across Pakistan.

Collaborated with a national network of passionate changemakers, amplifying youth engagement in sustainability and earning 20+ community service credit hours.

Gained hands on expertise in CSLP, volunteer management, and sustainable project execution, while directly supporting the core mission of NYGA (National Youth for Green Alliance).

This experience fortified my commitment to planet positive action and showcased the power of youth led initiatives in creating real world impact.

NYCCC Fellowship 3.0 **Jul 2025 - Aug 2025**

Native Youth Club for Climate Change (NYCCC), Islāmābād, Pakistan

The NYCCC Fellowship Programme is a leadership and professional development initiative for young individuals who want to make a positive impact in society. It offers training, mentorship, and hands on experience to help fellows grow as leaders and changemakers. Key Highlights/ Objectives:

Leadership Training: Fellows undergo intensive workshops and training sessions to enhance their leadership and management skills.

Mentorship: Access to industry experts, thought leaders, and experienced professionals for personalized guidance.

Networking Opportunities: Connect with like minded individuals, alumni, and organizations to build long-term collaborations.

Project-Based Learning: Fellows work on real world projects addressing critical social, economic, or environmental challenges.

Stipend/Financial Support: Few Selected fellows may receive financial assistance or stipends to support their participation.

Global Exposure: Opportunities for international conferences, exchanges, and partnerships.

Final Thought :

The NYCCC Fellowship Programme is a transformative opportunity that empowers emerging leaders with the skills, network, and vision to drive meaningful change.
